

**REMARKS**

This paper is in response to the Notice to File Corrected Application Papers mailed 27 December 2010. The attached Notice indicates that the Brief Description of the Drawings requires correction.

The amendments submitted herewith correct typographical errors to conform the specification to the figure and reference numbers. The specification is corrected to refer to **FIG. 10a** instead of **FIG. 10**, and a description of **FIG. 13** is added.

This correction of typographical errors is clear from the application. Paragraph [0060] (in the Detailed Description of the Preferred Embodiments) identifies **FIG. 10a** as a part of the upper left edge. Paragraph [0106] refers to **FIG. 13** as illustrating the exposure case.

Accordingly, the correction of typographical errors is clear from the text and figures of the application - that paragraph [0028] of the specification should be corrected to refer to **FIG. 10a** instead of **FIG. 10**, and a paragraph describing **FIG. 13** should be inserted.

***Fee Authorization:*** The Commissioner is hereby authorized to charge any additional fees that may be required by this paper, and to credit any overpayment, to Deposit Account No. 50-0869 (Docket No. MLSE 1070-1).

Respectfully submitted,

Date: January 7, 2011
